

About Us

Merry Home Health Care is locally owned, focuses on a market we know intimately – in a place where we have community, business and family ties. This focus is an important factor in our delivery of unparalleled levels of customized, compassionate, local service.

For Business side, Merry Home Health Care distinguishes itself in providing professional service from the top down. We owned and operated by senior executive of close 30 years of experience. For Caregiver side, we meet those same standards.

Our Services

Non-medical home care generally delivered in the client's home. It is delivered based on the client's need and desires. Home care is a service for the person who needs medical support and/or assistance with their daily activities; it is appropriate when a person requires care and does not want to leave the comfort of her/his own home, and family or friends cannot easily or effectively provide it on their own. Merry Home Health Care provides care through certified home health aides (CHHAs), who are specially trained and certified by the Virginia Board of Nursing. Care can be long-term, shortterm, live-in, or even occasional. A plan of care is developed for each patient by a Merry Home Health Care registered nurse, who regulates the CHHA's activities. All of our caregivers have background.
